Didn't get enough of Project Nunway? Then join us for Rubber on the Runway, a fetish fashion show produced by the Rubber Men of San Francisco with support from Mr SF Leather 2012. See the hottest, tightest and most captivating rubber gear from some of our most favorite fetish-wear designers: E7 Gear, Invincible Rubber, Lust Designs, Mr S and Skin Tight Rubber. Modeling this rubbery couture will be yours truly, the Sisters, as well as the Gay Men's Chorus, the Bare Chest Calendar as well as the San Francisco Girls of Leather. After the catwalk you'll have an opportunity to mingle with the models as well as get up close and personal with the designer's catalog items.
